Bernardo PAGNONCELLI
Professor

Academy: Digitalization

Research center: SKEMA Centre for Analytics and Management Science

Campus: Lille

Email: bernardo.pagnoncelli@skema.edu

Research interests

Operations Research, Optimization, Risk measures, Dynamic programming, Stochastic Programming, Simulation

Teaching interests

Data science, Machine learning, Operations Management, Operations Research, Portfolio optimization

Education

2009	Ph.D. in Mathematics, Pontifical Catholic University of Rio de Janeiro, Brazil
2004	MSc in Applied Mathematics, Pontifical Catholic University of Rio de Janeiro, Brazil
2002	Bachelor of Science, Sciences, Mathematics, Pontifical Catholic University of Rio de Janeiro, Brazil

Experience

Full-time academic positions

Since 2024	Professor, SKEMA Business School, France
2021 - 2023	Associate Professor, SKEMA Business School, France
2015 - 2020	Associate Professor, Business School, Universidad Adolfo Ibáñez, Chile
2009 - 2014	Assistant Professor, Business School, Universidad Adolfo Ibáñez, Chile

Research grants, Awards and Honors

Awards and Honors

2022	Most Productive Scholar Award, SKEMA Business School, France
2021	Best Professor Award - MBA International Program, Business School, Universidad Adolfo Ibáñez, Chile
2019	Best Researcher Award, Universidad Adolfo Ibanez
2018	Patrick and Amy McCarter Fellow in Residence at IEMS, Northwestern UniversityPatrick and Amy McCarter Fellow in Residence at IEMS, Northwestern University, Northwestern University, United States of America
2018	Best Professor Award in the MBA International Program, Universidad Adolfo Ibanez
2015	Reimagine Education Awards - category Presence Learning, GameLab, Chile
2015	Best researcher award, Business School, Universidad Adolfo Ibáñez, Chile
2015	Best Professor Award - MBA International Program, Business School, Universidad Adolfo Ibáñez, Chile
2007	Fellowship from a Brazilian Governmental Agency (CAPES) to spend 1 year as an exchange Ph.D.

	student at the ISYE Department at Georgia Tech,, CAPES, Brazil
2005	Fellowship at the Ph.D. program at the Department of Mathematics of PUC-Rio provided by FUNENSEG (private actuarial institution),, Pontifical Catholic University of Rio de Janeiro, Brazil

Research Grants

2023	PGMO: Modeling risk aversion in multi-stage stochastic lot-sizing problemsModeling risk aversion in multi-stage stochastic lot-sizing problems, France
2023	PGMO: Strategic Bidding in Price Coupling Regions: risk and uncertainty, France
2021	Combining Prediction And Stochastic Optimization: New Methods In Prescriptive Analytics (NOT EXECUTED), ANID, Chile
2018	Production maximization of oil in off-shore platforms that use gas-lift, Petrobras, Brazil
2017	Large scale optimization and uncertainty: Challenges in Strategic Mine Planning. An interdisciplinary approach (, ANID, France
2017	Optimization, Games and Renewable Energy, EDF, France
2014	Centralized versus Decentralized Energy Management in a Stochastic Setting, EDF, France
2013	Multistage stochastic optimization applied to finance and mining, ANID, Chile
2013	PGMO - Latin America Stochastic Optimization Network, EDF, France
2012	Models and Strategies for Multi-Stage Stochastic Programs with Risk Control, ANID, Chile
2012	PGMO - Latin America Stochastic Optimization Network,, EDF, France
2011	Mathematical Modeling for Industrial and Management Sci- ence Applications: An Interdisciplinary Approach., ANID, Chile

Publications

Peer-reviewed journal articles

LAMAS, P., GOYCOOLEA, M., PAGNONCELLI, B. and NEWMAN, A. (2024). A target-time-windows technique for project scheduling under uncertainty. *European Journal of Operational Research*, 314(2), pp. 792-806.
